

Troup County Board of Commissioners

Social Media Policy

Troup County participates in Facebook, Twitter, Instagram, LinkedIn and other social media platforms in order to engage the citizens of Troup County and surrounding organizations in a more active role. The County promotes content on these social media outlets to provide updates to the members of our community in a timely manner and to share information to our larger on-line audience. While these platforms provide opportunities for users to post comments, Troup County primarily provides content on these platforms as a tool for information dissemination.

If you have any specific service or policy related questions or concerns, please feel free to call the Troup County Board of Commissioners' Office at 706-883-1610 or email commissioners@troupco.org. While we encourage our community to share ideas, feedback and opinions on our social media pages, we kindly request that this be done in a respectful manner.

Troup County does not agree with or endorse every comment that individuals post on our page. Our goal is to share relevant updates and information about the community with as many individuals as possible, and our policy is to accept comments made to our public page as long as they follow a respectful expression of opinion. Troup County reserves the right to remove disrespectful, hateful or inaccurate posts, and may ban habitual abusers.
