Troup Online Maps

Search and identify

The screenshot displays the Troup County Viewer website in a Windows Internet Explorer browser. The browser's address bar shows the URL <http://troup.binarybus.com/flex/>. The website header includes the Troup County logo and the text "Troup County Hosted by Binary Bus". The main content area features a map of Troup County with a red pin and a red arrow pointing to a specific parcel. A "Parcel Search" dialog box is overlaid on the map, containing search options for "Owner Name", "Address", and "PIN". The "Address" radio button is selected. Below the search options, there are input fields for "Map", "Sub", "Block", and "Parcel", along with "Search" and "Clear" buttons. A "Live Maps" button is visible in the top right corner of the map area. A blue tip box is located in the bottom right corner of the map area.

Search the map for parcels one of three ways – Owner name, Address or PIN (parcel number) by clicking the radio button.

Tip: use fewer search terms to get more results. For example, search under Address using only the street name 'Teaver' and click Search to get a list of all parcels with the word 'teaver' in the street name.

Get property info details

The screenshot displays the Troup County Viewer web application in a Windows Internet Explorer browser. The browser's address bar shows the URL <http://troup.binarybus.com/flex/>. The application interface includes a top navigation bar with the text "Troup County Hosted by Binary Bus" and a "Current Action: Pan" indicator. A toolbar below the navigation bar contains icons for home, search, and other functions. The main area is a map of property parcels, with a "Live Maps" folder icon in the top right. A "Property Search" window is open on the right, displaying details for a selected parcel: Tax Number: 06010012017, OBJECTID: 8722, Address: 801 SWANSON ST, Owner: NIXON JANELLE, Tax Number: 0601B031005, OBJECTID: 9459, Address: 804 FOURTH AVE. A "Property Card" window is also open, showing the same information for a selected parcel. A blue callout box points to the "Navigate" button in the toolbar, containing the text: "Tip: You can use the zoom-in, out function under the 'Navigate' button, or resume the pan function." A red callout box points to the binocular icon in the toolbar, containing the text: "Select other parcels to get detailed info by clicking the binocular icon with the blue dot." Another red callout box points to the "Property Card" window, containing the text: "Selecting a specific parcel will create a 'target' on the selected parcel with the owner name, parcel number and location address. There are two small icons on the bottom left of that screen. Clicking the one on the left will bring up a 'card' with basic info, the one on the right will bring up the online property record card." The Windows taskbar at the bottom shows the Start button and several open applications, including FileZilla, Adobe Reader, WinG..., and Troup... The system clock in the bottom right corner shows 11:10 AM.

Turn on 'layers'

The screenshot shows the Troup County Viewer web application. The browser window title is "Troup County Viewer hosted by Binary Bus - Windows Internet Explorer". The address bar shows "http://troup.binarybus.com/flex/". The application interface includes a top navigation bar with "Troup County Hosted by Binary Bus" and a "Current Action: Move Map" button. A "Live Maps" module is open on the right side, displaying a "Layer Visibility" panel. This panel contains a list of layers with checkboxes and expandable arrows:

- Railroads
- Surrounding Roads
- ZIP Boundaries
- West Point Lake
- West Point Corp Prop
- City Limits

A red box highlights the "Live Maps" module. A text box with a red border contains the following instructions:

Turn on/off map layers. Click on the 'Live Maps' module to see a dropdown list of available layers. 'Checking' the boxes turns on and off the layers. If there's a triangle arrow, click on that to see additional layers.

The map itself shows Troup County, Georgia, with various geographical features like West Point Lake, U.S. Army Corp Outline, and major roads (27, 29, 185). A scale bar indicates 5 km and 5 mi. The Windows taskbar at the bottom shows the Start button and several open applications.

Measure & Draw

The screenshot displays the Troup County Viewer web application in a Windows Internet Explorer browser. The browser's address bar shows the URL <http://troup.binarybus.com/flex/>. The application interface includes a top navigation bar with 'File', 'Edit', 'View', 'Favorites', 'Tools', and 'Help' menus. Below this is a 'Favorites' section with several bookmarked sites. The main content area is a map of Troup County, Georgia, showing various parcels with their unique identifiers (e.g., 081 3 000 111, 081 3 000 112, etc.). A scale bar at the bottom left indicates 100 meters and 500 feet. On the right side of the map, there are two buttons: 'Live Maps' and 'Parcel Search'. A 'Tools' menu is visible in the center-left, containing 'Parcel Search', 'Identify', and 'Draw / Measure'. A red box highlights the 'Draw / Measure' option in the Tools menu. A red arrow points from this box to a 'Draw / Measure' dialog box on the right side of the map. This dialog box has a 'Show Measurements:' checkbox, a 'Distance Units:' dropdown menu set to 'Meters', and an 'Area Units:' dropdown menu set to 'Square Meters'. At the top right of the dialog box, there are icons for a pencil, a ruler, and a checkmark. A text box with a red border is overlaid on the map, containing the following text:

Parcels do not have dimensions or acreage listed. Using the Draw/Measure tool under the Tools icon, you can measure length or area. Using the tools at the top right of the Draw/Measure module, you can select the unit of measurement and the shape. You can even add text.

The Windows taskbar at the bottom shows the 'start' button, several open applications (7 M..., 3 I..., 6 W..., 5 M..., 2 M..., FileZ..., Adob..., WinG..., F trou..., Micro...), and the system tray with the date and time (11:56 AM).
